

**PRIDE**  
*in Our Past*

*Building* Our  
**FUTURE**

REGINA CATHOLIC EDUCATION CENTER

**UPDATE**

*This campaign will take a large step toward realizing the vision for Regina's future and will address many identified needs.*

**Projects COMPLETED in 2017**

**Upgrade High School Boys & Girls Locker Rooms**

Lockers, fixtures, flooring, showers, and toilets were brought up to modern standards. Secure entrance and exit points were also added to eliminate unwanted traffic in those areas. Locker rooms and bathrooms had not been upgraded or improved since the school was built in 1957.

**Replacement of High School Gym Roof**

This new roof over the high school gym will last approximately 20 years and eliminate the need for costly on-going repairs.

**Resurface and Expand Front Parking Lot**

It had been over 15 years since the lot was repaved and it was beyond temporary fixes. The front parking lot and the pick-up/drop-off circle was resurfaced. The addition of an extra 75 parking spaces nearly doubled the size of the front parking lot.

**Additional Entrance and Exit off First Avenue**

This entrance will allow for a more efficient traffic flow to and from the school. Additionally, it will provide a much safer environment by allowing emergency vehicles easier access to the rear of the school. The road opened after Christmas break.

**Capital Campaign as of February 27, 2018: \$4,867,000**

\$0.75M	\$1.5M	\$2.25M	\$3M	\$3.75M	\$4.5M	<b>GOAL:</b> <b>\$5,995,000</b>
---------	--------	---------	------	---------	--------	------------------------------------

## Coming in 2018

### ***New Educational Wing***

A primary focus for growing enrollment is to expand our Early Childhood Center with modern facilities. The current space can only accommodate 80 students and will be expanded to increase to 125. A new science lab and eight new classrooms will be built to accommodate student growth.

### ***Regina Athletic Training Facility***

The project was made possible due to cost savings and an additional specified donation. The building will house a state of the art hitting facility on the top floor. The lower level will be the new home for strength and conditioning, wrestling, and a film room. Expected completion is mid-2018.

2017-2018 GOAL: \$450,000

RAISED: \$234,000

The annual appeal has a new name! Because gifts to the annual appeal allow Regina students to pursue spiritual and academic excellence, we have renamed our annual fundraising appeal to more directly reflect the mission of the school. We are excited to introduce the ***EXCELLENCE FUND!***

Making a gift to the ***EXCELLENCE FUND*** is a perfect way to ensure that we have ample resources to support student success. The ***EXCELLENCE FUND*** supports:

- Teacher salaries
- Technology updates
- Textbook purchases
- Professional development
- Curriculum & program enhancements
- Facility maintenance
- Endowment funds for teacher salaries, tuition assistance and scholarships.

**SUPPORT** The ***Pride in Our Past, Building Our Future*** Capital Campaign is an extraordinary effort that will impact Regina for decades to come. Not only will campaign funds allow Regina to address mounting structural issues and limitations, it also facilitates our strategy to grow enrollment and further distinguish Regina as the premier choice for faith-based education in the area. Because we will continue to incur operating expenses throughout the year, we are asking donors to contribute to the ***EXCELLENCE FUND*** during the capital campaign.

To make your gifts to the capital campaign and ***EXCELLENCE FUND***, please complete and mail the attached remittance envelope. Gifts can also be made online at [www.regina.org/foundation](http://www.regina.org/foundation).
